What Victory Really Is

Though others may be jealous of you – go for it anyway.

Though others may knock you down – stand tall anyway.

Though others may secretly hope you fail – succeed anyway.

Though others may be doubting you – do it anyway.

Though others may be envious of you – be it anyway.

Though others may tell you to be afraid – be brave anyway.

Though others may try to stop you – forge ahead in anyway.

Though others may hate you...**LOVE THEM ANYWAY.**
