Divine and Inspirational Tidbits

All Beliefs Included

Adonai

Adonai is a Hebrew word that means any manifestation of higher Light consciousness. It represents the representation of the Divine Mind.

Aeon

The word aeon originally meant life, vital force or being. It could also mean a period of time, though it tended to be translated as an age, or forever or timeless or for eternity. Plato used the word to denote the eternal world of ideas, which he believed was behind the perceived. The idea of eternal life comes from a form of aeon.

Ain Soph

Ain Soph is a Kabbalistic term used for the Infinite or Limitless Light.

Akashic Records

Akashic Records are the impressions of all that has ever transpired in the physical world, recoded in the etheric substance. One of the earliest references to the Akashic Records was made by Helen Blavatsky, the founder of the Theosophical movement in the early 19th century.

Alpha and Omega

The Alpha and Omega are the first and the last letters of the Greek alphabet, which is further clarified as the beginning and the end. Together they signify the allness of truth of the Divine Mind.

Amen

Amen means let it be supported by the Great Hidden One.

Three Amens are triple powered, which is used for cleansing.

Seven Amens represent the transcendental structure of purification. However, they do not work without a sophisticated divine teaching.

Anointed

Anointed is to be rubbed with the oil of the Spirit of life, which is brought into body consciousness. In ancient days, they only used oil from the olive trees.

Antediluvian Age

The antediluvian period is the time period, chronicled in the Bible between the fall of human and the Genesis flood. The antediluvian period lasted for 1656 years, from Creation to 4004 BC, to the Flood at 2348 BC.

Arc of the Covenant

The Arc of the Covenant is a geometry of Light, wherein God's revelations are made known and the 10 commandments are kept. Moses, at the base of Mt. Sinai was given the instructions by God as to how to build the Arc. The Arc of the Covenant spiritually represents the sum total of man's conscious understanding of Truth, combined with faith and loyalty to the principles of Truth. King David was told by God that he could not build the Arc because he was a "man of war". King Solomon, his son, was chosen because he was a king, who was unified with peace, love and wisdom. For centuries people from all over the world have invested much of their money and time in search of the Arc.

Arcturus

Arcturus is a red giant star in the Northern Hemisphere of Earth's sky. According to Enoch, it is used as a mid-way station by the Masters in our local universe to govern the many rounds of experiments on our end of the galaxy.

Ascension

Ascension happens when the soul reunites with the Divine Spirit. It is the process, whereby the soul, having balanced karma and fulfilled the Divine plan, merges with the living presence of Christ Consciousness.

Aspirant

An aspirant is one who aspires to reunite with The Divine.

Astral Plane

Astral plane is a frequency of time and space beyond the physical and corresponds to the collective and individual thoughts and feelings, conscious or unconscious of mankind and all sentient beings.

Avatars

Avatars are divine instructors. They are souls of light, who are on earth to be teachers and way-showers through their word and work.

Beelzebub

Beelzebub is the name of the sovereign of evil spirits, a heathen deity, believed to be the head over evil spirits. King Solomon was tremendously bothered and interfered with by Beelzebub and God sent him materials that would protect him.

Being

Being, in a metaphysical sense is composed of wisdom, will and consciousness. Our ideas reveal themselves through our wisdom, however they can only manifest through our will and consciousness.

Berries

Berries are a divine creation that symbolize happiness, bounty and good health.

Birds

Birds are symbols that raise the vibrations of the material world. They all have qualities in common. Most fly and therefore are often messengers between realms. It is said that birds were created so that their wingbeats will echo the divine language of heaven, being brought to earth.

Blasphemy

Blasphemy is speaking evil and slandering a topic or person. In a lesser form, but just as dangerous, gossip fits into the category of blasphemy.

Blind Eye

Blind eye is blind understanding, which is the result of unconsciousness....as in 'turned a blind eye'.

Breaking Bread

In the ritual of breaking bread, bread is considered the inner substance of Spirit. This ritual is meant to bring gladness to the heart, which then has a positive effect on our mind and consciousness.

Causal Body

The causal body generally refers to the highest or innermost body that veils the true soul.

Central Sun

The central sun is the principal energy source, whether in the microcosm or macrocosm. It is the point of origin of all physical or spiritual creation.

Chakra Centers in Our Body

Chakra centers are centers of energy alignment, connecting the human body with external energy fields.

Chakra Centers over Our Body

These chakras are the template through which the higher energy systems can flow. They allow for the unification between the overself body and human biological system. They are the energy centers for the divine Light.

Chaos

Chaos is the condition of the lower world, where the mind and body of humanity are in opposition to divine spirit. The only way out of chaos, eliminating this deficiency, is to examine higher knowledge, and empower our goodness.

Chela

A chela is a student of a religious teacher or guru, specifically a student of more than ordinary self-discipline and devotion.

Chosen

The Divine has at different times chosen certain ones to do a certain work. Because of this, they are watched over, kept, guarded, guided and disciplined in a marvelous way. This is done so that the seed of faith might be kept alive, nourished and passed to mankind. The Divine's great work of restitution calls for a company of tried, trained and spiritually developed people to work with, in establishing a glorious righteousness and peace upon earth.

Christed

Christed is an honorable word given to those who represent an expression that comes as a result of their faith, and in their understanding and quickening power of love and truth.

Circuit

Circuit is the movement of phases of energy used to illustrate prescribed pathways within different energy realms. As example, there are life opportunities that have been preordained for each soul. Though this works the same as electrical circuits, souls each vibrate to a different circuit.

Cloud

A cloud is the presence of the Divine mind in spiritual visibility. A cloud is a symbol of our conscience, such as "our perception of the situation was clouded."

Coat

When the coat is mentioned in Scriptures, it means the Truth is in its harmonious expression and unchangeable perfection. The seamless coat of Jesus symbolizes a consciousness of the indestructible unity of life.

Codex

A codex is a book constructed of a number of sheets of paper, vellum, papyrus or similar materials. The term is now usually reserved to describe manuscript book, with handwritten contents.

Consciousness

Consciousness is a state of being awake and aware of our surroundings, whether that be external or internal. If humanity would empower their consciousness, we would indeed have a safer and more loving world.

Cording

Cording can cause a loss of energy and has a direct effect on health. Shamans believe that through the cleansing of the body chakras and focusing on the connection to spirit and the Divine, cords can be cut in a positive and healthy way. A Sufi saying is: “Never give from the depths of your well, but from your overflow.”

One can also be corded to someone in a positive way, which can have a beneficial outcome.

Cosmic Being

A cosmic being is someone who has attained cosmic consciousness and an awareness of the light energy of many worlds and systems of worlds across the galaxies.

Cosmic Egg

The Cosmic Egg is the spiritual-material universe, including a seemingly endless chain of galaxies, star systems, worlds known and unknown.

Cosmic Law

The Cosmic Law mandates that all things similar in nature will naturally gravitate to one another. This applies to everything in the Universe, including thought because thought is energy and it is magnetic to those things with a similar vibration.

Council of Light - Governing this and other Galaxies.

Council of 3 - overseers and seeders

Council of 9 - Tribunal of teachers governing new programs.

Council of 12 - Working to regenerate the lower worlds.

Council of 24 - Governing spiritual awareness to create a new humanity

Council of 72 - Brings victory through their energy of bounty and blessings

Council of 144 - Governs the final soul programs for victory of the divine plan.

Counterfeiting Spirit

Counterfeiting Spirit is the spirit used as the vehicle that pretends to be the truth, which then entraps souls into chaos. A consciousness mask that veils our connection to divinity, love and truth.

Covenant

A covenant is a contract, treaty or pact with The Divine.

Creation

The character of The Divine's creation is good and very good. There is no evil. Human's part in The Divine's creative process is to express the divine ideal. There are three steps to creation – first-mind, second- an idea comes to mind, and third - the inherent power to manifest the idea.

Cup

The cup is the consciousness of eternal life. To drink from the cup means to take in faith, believing and understanding the divine laws and the principles to these laws.

Cycle

A cycle is an interval of space or time, in which one set of events or phenomena is completed.

Darkness

Darkness is the dark matter that settles over the soul in times of challenge and trial. It is initiated through ignorance, attachment and fear.

Depths, as in Depths of our Soul

The depth of our soul is one of the cosmogenic forces, from which new life creations emerge. In Greek and other advanced philosophy, the depth of our soul is unlimited.

Dispensation

A dispensation is a distinctive arrangement or period in history that forms the framework through which The Divine relates to mankind. This is usually through one authorized servant, who bears the keys and has a divine commission to dispense the gospel.

Divine Template

A divine template is a specialized pattern of Light that shapes spectrums of evolution. A gauge for divine thought-forms that can raise the lower world to the higher world, through frequency modulations from the grid of divine wisdoms.

Divinity

Divinity is the state or quality of being holy, sacred and godly. Divinity is dignity, grace and respect for all.

Dragon Power

Dragon Power, when used appropriately, conquers our limited, trapped frequencies, thereby transforming our lower electromagnetic spectrum into a higher Light source.

Earth Spirits

Earth Spirits are here to serve as reminders to keep our house in order by sustaining the balance of life in nature and on Terra. They are:

Salamanders - who bring focus to the power of dreams and opportunities.

Gnomes - who bring good luck, stability and protection.

Sylphs - who bring in spirits from the sky for transformation, like the butterflies.

Undines - who bring in spirits from the water for enchantment and mysticism.

Ecstasy

Ecstasy is the experience, common in all religions, of being carried beyond ordinary, everyday experience into moments of extreme and intense transcendence.

Eighth Dimension

Eighth dimension is the introduction of a reality that is beyond definition and has no limitation. It transcends, yet also is fully present with, being equally beyond matter and equally within it.

Eightfold Path

Right Understanding

Right attitude of Mind

Right Speech

Right Action

Right Conduct

Right Effort

Right Attention

Right Meditation

Eight Symbols for Qualities of Buddhist Teachings

The Parasol – symbolizing the power of Buddhist teachings.

The Conch – sending signals, signifying the message of Buddhism.

The Wheel – symbolizing the action of the Buddhist way for liberation.

The Banner – symbolizing the victory of Buddha's compassion and wisdom.

The Jar – symbolizing Buddha's teachings having the capacity to satisfy all needs.

The Carp – symbolizing longevity and long life by living Buddhist teachings.

The Knot – symbolizing the unending beneficial nature of Buddhist teachings.

The Lotus – symbolizing the emergence of purity from impurity.

Electromagnetic

Electromagnetism is a branch of physics involving a type of physical interaction that occurs between electrically charged particles. It relates to the interrelations of electric fields and magnetic fields.

Electron

An electron is a stable subatomic particle with a charge of negative electricity, found in all atoms and acting as the primary carrier of electricity in solids.

Elohim

Elohim is one of the most profound names for the creative aspect of God. The offspring who work on sub-programs of creation are called B'nai Elohim.

Emanations

Emanations are the process through which the pre-existent world is extended into form. They are an abstract, but perceptible thing that originates from the Source. In Latin the meaning is to flow from or to pour forth.

Energy

Energy is that which is required to act, operate and work. It is a requirement for consciousness awakening and activated use of circuits within the human body. Everything in our existence is part of an interconnected web of electromagnetic vibrational frequencies. This web of energy is commonly referred to as a life force that connects a stream of consciousness with our human experience.

Etheric Body

The etheric body is the envelope of the soul, holding the blueprint of the Divine plan and the image of perfection, that is to be eventually manifested into the world of form.

Eucharist

Eucharist is the thanksgiving and the celebration of the body and blood of Christ. It is a formal setting for the sacrament, using bread and wine.

Excalibur

Excalibur is the sword of King Arthur that had incredible, magical powers. Only King Arthur could pull it out of the stone. When he was dying, he commanded Bedevere, his loyal knight, to throw it into a lake, where it lies to this day.

Expanse

Expanse is the realm of hyperspace which is divided between the positive and negative forces.

Evolution

Evolution begins with the soul, after it is seeded. It is change in the heritable characteristics over successive generations. These characteristics are the expression of genes that are passed on from parent to offspring during reproduction.

Faculties

Faculties are the inherent mental or physical powers. They are categorized into six components: imagination, intuition, perception, memory, will and reason. Defining and exploring these components will lead to understanding how we can have a life of fulfillment.

Faculties of Mind located in the Human Body

Faith, center of head

Strength, small of back

Judgement, lower part of solar plexus

Love, back of heart

Power, root of tongue

Inspiration, between the eyes

Understanding, front brain

Determination, center front brain

Order, navel

Zeal lower back of head, medulla

Renunciation, lower part of back

Conservation of life, all parts of body

Faith

Faith is the foundation through which our intellect is quickened, and Truth is established in our consciousness. It is that which understands the higher attributes of The Divine. When we reach this all-knowing, the Glory of The Divine is able to come forth with genuine revelations, illumined ideas and divine laws.

False Prophets

False prophets are people who outwardly present the appearance of being candid and open, when inwardly they are displaying this for personal reasons and worldly gain.

Fate and/or Destiny

Destiny is sometimes referred to as fate. They are both a predetermined course of events. They may be conceived as a predetermined future, whether in general or in an individual. They are regarded as determined by a supernatural power.

Feet

Feet represent our understanding of substances they come in contact with. Our feet are the most patient and willing servants of our body. The more we believe in matter, the greater the burden laid upon our feet. Jesus's washing of feet ritual was meant to reveal the right relationship towards worldly conditions and be of humble service to others, with no thought of self.

Fifth Dimension

Fifth dimension is a dimension, whereby our less gross-material body gets restored through the process of spiritual evolution.

Fire

Fire represents the positive, affirmative state of mind, as opposed to the negative watery state. Fire is generally used as a symbol of destruction of evil and error and stands for cleansing and purification.

Fish

Fish represent the ideas of multiplication, in which there is great possibility of increase and the inexhaustible, everywhere present abundance.

Five

Five bodies in the Yogic System for our well-being:

Physical Body, energy Body, mental Body, wisdom Body and bliss Body

Five trees that are the levels related to the soul's progress for ascension:

Asiyah, Yezirah, Beriah, Atziult and Adam Kadmon

Five significant extensions:

Mind, thought, understanding, reflection and reasoning

Five divine knowledges:

Understanding, knowledge, logic, perceptive intelligence, and love

Five aspects of the body that correspond to the earth elements

The Head, the torso, the two arms and the two legs

Five Senses:

Hearing, smelling, tasting, seeing, touching

Five Trees of Indra's Paradise (Indra in Hinduism is the God of Gods)

Mental, rejuvenation, protection from evil Spirits, wonder and eternity

Flaming Sword

The Flaming Sword is the gate through which thinking comes forth from the invisible to the visible. All illusions evaporate through the flaming sword.

Forty

Forty means completeness and spiritual cleansing.

Four Noble Truths Of Buddhism

1: Suffering from the bonds of earthly existence, thereby not being free from the chain of rebirth.

2: The origin of suffering is the attachment to joy, lust and possessions.

3: The elimination of suffering comes from the destruction of desire, hatred and ignorance.

4: The road to the elimination of suffering through the Eightfold Path.

Frequency

Frequency is a measure of the ability to take into account, follow or act upon varying conditions, and can change as conditions change. We all have our own frequency that also changes, depending on where we are and who we are with. Frequencies are used to determine and differentiate vibrational patterns.

Galaxy

A galaxy is a large assemblage of stars, and a typical galaxy contains hundreds of billions of stars. Our galaxy is the Milky Way and has a supermassive black hole in the middle, called Sagittarius A.

Genesis

Genesis is the first book of the Bible and is an account of the creation of the world. In Hebrew it means 'in the beginning'. The history begins with the Divine promise to Abraham that "I will make you a great nation." Abraham and Sarah gave conceived Isaac when Abraham was almost 100 and Sarah 90.

Glory

Glory is the dazzling splendor, an attribute of godliness and a manifestation of the Divine Presence.

Gnosis

Gnosis is Greek for Knowledge, which is the ability to discern and recognize inner spiritual truth. As well, it is as higher knowledge that gives us the ability to understand all levels of meaning of the Divine.

Gnosticism

Gnosticism is a vast teaching from pre-Coptic and Judaic Wisdom, which affirms the use of knowledge for liberation. There is a strong recognition of the importance of consciousness and self-realization in the work for salvation.

Gold

Gold represents success, achievement and triumph. It is associated with high ideals, wisdom, understanding and enlightenment. Gold has been extremely important in all divine missions. It is said to be a protector of divine intention.

Goodness

Goodness is the attribute that aids the mind and emotions. It is infused from the logic of divinity, which allows the Divine to go forth and actually become movement for transformation and transmutation.

Guru

A Guru is a religious teacher and spiritual guide with high attainment. A guru may be ascended or still in human body.

Heaven and Earth

Heaven and Earth mean two states of mind, the ideal and the manifest. Heaven is the realm of pure ideals and Earth is the realm of thought forms. It is important to know that heaven and earth are states of mind, that when they unite, the weary round of reincarnation will cease.

Hebrew Alphabet

Every letter in the Hebrew Alphabet is a symbol, whose shape, name and placements in the alphabet and where they are put in a word, are each at the center of a unique spiritual constellation. They are each holy and are vessels that carry the Light of the Boundless One. The alphabet has no vowels, and it has been said that it carries the codes of the Universe.

Hierarchy

Hierarchy in Gnosticism is the power behind the governing divine realms. It is the universal chain, fulfilling the attributes and aspect of the Divine.

Higher Frequencies

Higher frequencies are the technology from the higher evolution used for galactic procedures. They are spiritual vehicles, which are the product of thought-form technology from the Light.

Hindu Trinity

Hindu Trinity consists of The Creator, The Preserver and the Destroyer, Brahma, Vishnu and Shiva. This is likened to The Father, The Son, The Holy Ghost in Christianity.

Holy Ground

Holy ground is substance in its spiritual wholeness, and in its Divine Mind. It is where and when humans remove themselves from all limited thoughts.

Holy Spirit

In Western Christianity, the Holy Spirit is the third person of the Godhead. However, in Eastern and Gnostic cosmology, the Holy Spirit is the second person of the Godhead. In both cases, they sanctify creation through the energetic, divine fields of Light, which convey the power of divinity. It is the law of God in action and is sometimes defined as the whole Spirit of God, that can only be known to man through his spiritual nature. A state of high spiritual aspiration is known to bring down the Holy Ghost.

Honorific

An honorific is a title that encodes the highest esteem or respect for a position.

Horses

Horses are considered the powerful forces of The Divine. They connect us to life energies beyond our human capacity. In being the engine for Chariots, they connect us to the fire of purification.

House

The house that God builds and dwells in is the human body. From The Divine's perspective, a Temple is not a building but lies within our bodies.

House of Many Mansions

House of Many Mansions is the name of the dwelling place of The Divine. It is a temple of divine wisdom, used by higher intelligence and celestial beings.

Human Monad

The human monad is the entire force field of self, hereditary, environmental and karmic. These make up the human identity.

Hypocrite

A hypocrite in Greek means an actor, someone who pretends to be one thing while really is something far different. A wise, spiritual person must always be aware of such people, as they come to seek rewards.

I AM Movement

The I AM Movement is the original Ascended Master Teachings religious movement, founded in the early 1930s, in Chicago, Ill. It is an offshoot of Theosophy and New Age Religions. The movement believes in the existence of a group called the Ascended Masters, a hierarchy of supernatural beings, who are believed to communicate to humanity through certain trained messengers. It teaches that the Mighty I AM Presence is God existing in each person's higher- self and that by tapping into internalized power and self-purification, one amplifies the expression of virtue, justice, peace, love and harmony. Both Theosophy and the I AM Movement build their beliefs on Jesus's teachings. The I Am Movement has sanctuaries all over the world.

I AM PRESENCE

The I Am presence is the outer expression of the Divine Self in form, as embodied individuals. It is our unique and immortal true identity sharing in the oneness with The Divine. It is the spiritual self, as distinguished from the sensate self. By use of the I Am Presence, we link ourselves with spirit, wisdom, love, peace, strength, and Truth, which dwell within us.

Iao

Iao is a Hebrew/Coptic name for the good attribute of God, which is applied for the unveiling of knowledge, or revelatory insight of "goodness" necessary to work with the divine program.

I Ching

The I Ching is an ancient Chinese divination text and among the oldest of the Chinese Classics. It was published in the late 9th century BC. There are 64 hexagrams, which are simple and profound. It is consulted for its advice and insight into human nature.

Ideas

An idea is the mode of expression of the mind. The Divine expresses Himself through ideas, which are agents for the divine will, and are the seeds implanted for manifestation.

Image

Graven images of The Divine are made up of mental pictures. Though we may want to see The Divine in our own creative imagination, we must always remember that what is vitally important is to be in touch with the Divine Spirit.

Immeasurable Deep

The immeasurable deep is a definition of things that are unfathomable to the senses, profound beyond understanding and infinite.

Incense

The symbology of burning incense is transmutation. Our nature goes through a refinement and is changed. It is believed that the ritual of burning incense on an altar calls in our celestial body from a radiant dimension.

Incomprehensible

Incomprehensible is having no limits and impossible to understand.

Ineffable

Ineffable is equated to the divine name meaning the Omnipresent Existence of God.

Infinite Way

The infinite Way is a shared planning between the Infinite Mind and the species it is intended for. It is the Way where The Divine's thought forms can be retrieved.

Intellect

Intellect is the understanding of the five-sense human, who judges by appearances and reasons in their limitation. The intellect, because of its limited concepts, cannot grasp the absolute Truth. The intellectual understanding is an understanding gained from teachers and books, or some outer source. Intellectual has more to do with rationality or abstract, as example, machines are intellectual and physical property. Though intellectual understanding is not always false, when one just follows the letter, it has no quickening power.

Intelligence

Intelligence is the ability to acquire and apply knowledge and skill. Where intellect is the faculty of objective reasoning and understanding, intelligence is self-awareness, learning, emotional knowledge, creativity, clever thinking processes and smart problem solving-skills.

Higher Intelligence

Higher Intelligence is an advanced of physical and spiritual intelligence, which administers to inter-planetary civilizations.

Intuition

Intuition is the wisdom of the heart. When one trusts spirit and looks to it for understanding, a certain confidence in the invisible good develops in our soul. This good awakens our faith and our faith awakens our divine knowing intuition.

Kabbalah

The Kabbalah is a tradition which has been received from the Divine. It is the highest interpretation of many worlds. It corresponds to heavenly Knowledge and wisdom that applies to each level of creation. It teaches that the human task is to discover the Holy Sparks within each situation, and to avoid inviting and embracing that which is evil. It is designed so that humans can bring about the spiritual rectification of the world, returning it to the original state of Holiness and unity, that existed before the fall.

Kali Yuga

Kali Yuga in Hindu beliefs is considered the era of darkness. This era began in 3102 BC. It is believed it will end in 2025 CE. and there will be a dawn of new Golden Age, which will last for 10,000 years. The ancient Sanskrit teachings understood that civilization goes through distinct cycles of creation and destruction. Each cycle has distinct themes and spiritual lessons for all of humanity.

Karma

Karma is a universal law of cause and effect, which provides the soul with opportunities for physical, mental and spiritual growth. One is given the chance to go from the 'lower life' to Eternal Life.

Kenosis

Kenosis is the process through which the divine element becomes in service to the human condition and to infuse glory and power, so as to help human nature in its fabric.

Key (as in Keys of Enoch)

Each key is one of 64 principles, providing for the learning transfer between levels of external and internal Wisdom. It explains an array of teachings used in the crosstalk between levels of creative intelligence.

Khadga

Khadga is the Buddhist flaming sword that destroys all ignorance.

Kundalini

The kundalini, in Hinduism belief, is a form of feminine energy and consciousness, located at the base of the spine. It is believed to be a powerful force associated with the divine feminine. It is believed, when cultivated, to lead to spiritual liberation. It was adopted in Hatha yoga in the 9th century.

Lamb of God

In Scripture, the Lamb of God is the Divine Life. This carries the symbology of purity, innocence, and guilelessness. Its nature is to give life to all it touches. It knows only to give unceasingly and eternally without restraint.

Law

The law of God is the orderly working out of the principles of Being. It is the Divine ideals put into expression and manifestations. All chaos and limitations in the world are the result of the human's inability to follow the divine Laws, which are the laws of right thought.

Light verses light

Light with a capital L is the Infinite Divine Light which cannot be diminished. Whereas, light, with no capital is a common light that is basic to the sensory human system and can be diminished.

Light-Land

Light-Land is a place that is connected with the Treasury of Light.

Lion

The lion represents courage, fearlessness and initiative. The Lion in ourselves means to take our awakened and illuminated thoughts and put them into action. In doing so, we become a source of new life.

Logos

Logos is the word which originated in thoughts and was thrust by God into the intelligible world. It is the Word of the Supreme, and it contains all potentiality. Everything is a word before it becomes into being.

Love

Love is the attribute of God that is shared with all creations. It explains the desirability of the soul to move from the lower realms into the higher realms. It is the substance of Eternal Life.

Macrocosm

Macrocosm is the larger cosmos, the entire warp of creation. In Greek, it means Great World.

Mandala

The Mandala is a Buddhist symbolic picture of the universe. It is a ritual diagram, which shows the unity of both the microcosm and the macrocosm and the inner and outer world. It is a practical aid on the path to enlightenment. Mandala is a Sanskrit word that means circle.

Manna

Manna, according to the Bible, is the food that God provided to the Israelites during their forty-year travel in the desert. However, in Christian context, manna is spiritual nourishment given through the bread and wine at Eucharist.

Mantra

Mantras are sacred syllables for mental and spiritual expansion.

Manu

In Sanskrit, Manu is considered to be the evolutions of God on earth.

Matrix

A matrix is the origin of a form, the mold or model.

Matter

Matter is the carnal nature and embodiment of humanity without spiritual or intellectual capacity.

Meditation

Meditation is a practice, whereby an individual uses techniques of mindfulness in order to achieve mentally clear and emotionally calm states of being.

Merkabah

The Merkabah is a true divine vehicle that brings living prophecy and revelations from the God to those in tune with higher realms. Merkabah literally means light, spirit, body. The Merkabah is said to provide protection and transport one's consciousness to a higher dimension.

Microcosm

Microcosm is the world of the individual. In Greek it means Small World.

Mid-Way Stations

Mid-way stations are clearing stations used by the Higher Realms to oversee humanity and inspect the atmosphere and vibrations of our planet.

Money

The consciousness of money must be cleansed and transmuted if our body temple is to be kept pure and holy. Money is meant to be applied and distributed for the greater good of all. It was not and never was intended for greed and control.

Moon

The moon is a symbol of personal intelligence, whereas the sun is a symbol of spiritual intelligence. There is a definite relationship between the moon and human consciousness and emotions.

Morphogenic

Morphogenic relates to the development of normal form or structure, controlled by growth, differentiation and movement of cells and tissues.

Mothership

Mothership is any vehicle which can support smaller space vehicles. It also has the ability to land on planetary surfaces.

Mountains

Mountains are the higher brain centers of the earth, where spiritual thoughts can be accessed and cultivated. When this consciousness is quickened, it sends out a far-reaching thought energy and the whole race consciousness is lifted up.

Movement

A movement is an act of changing physical location or a position that has been changed. God is considered the prime mover, who instills that which causes creation and recreation. When people gather in a movement, it implies that they gather together to create change.

Mudras

Mudras are a symbolic position of the hand, which is a physical expression of a particular energy. They are also used as an aid in meditation to release challenging energies from the person.

Mule

A mule represents obedience, service and established order.

Multitude

Multitude means a very large number or huge crowd, usually referring to the common people, apart from the elite. In Scriptures, when a multitude gathered, they were hungry for the Truth of Divine Spirit.

Mutual Programming

Mutual Programming is an effective cooperation between the higher intelligence and the human intelligence in the sharing an assessment of ideas, operations, and responsibilities between inter-galactic and spiritual levels of intelligence.

Mysteries

Mysteries are the knowledge of God. In order to better understand these mysteries, one has to also have a consciousness concerning chaos and ignorance. Only through devotion to studying, contemplating and thinking things through, can one begin to hear and experience the mysteries and what they mean.

New Jerusalem

New Jerusalem is a futuristic city where one will develop a way to speak directly with divinities.

Nirvana

Nirvana is a place of perfect peace and happiness. In Hinduism and Buddhism, nirvana is the highest state that someone can attain, a state of enlightenment, the state of liberation from reincarnation.

Noumena verses Phenomena

The first world is called Noumena, which are things that constitute reality outside ourselves, such as trees, dogs, cars, houses etc.

Phenomena are appearances which constitute our experience. It is an observable fact or event. Its meaning is to shine, appear, or manifest. It means extremely impressive or extraordinary.

Numerology

Humanity's connection to numbers is traced back to the very dawn of human existence. Numbers came from symbols found in nature, making them our original language. They continue to provide the common ground of communication for all people, in each and every culture.

As humans continued to evolve spiritually about the meaning of life and their place in it, numbers led the way to greater understanding.

Office of the Christ

The office of the Christ encompasses the work of the 144,000 working with God for the purification of the fallen realms. The Arch Angel Michael is very involved with this work.

Operation Victory

The master operation of God through the order of Melchizedek is to follow the spiritual teaching and program, known as Program Israel. This is a karmic cleansing operation of higher spiritual intelligence, which releases society from historic karma.

Operative Faith

Operative faith is that which is not blind but understands the properties and faculties surrounding physical creation. Through this faith, our mind becomes awakened, empowering the intelligence of God over the dark forces. It is an intelligent and investigating faith.

Or

Or is the Light that is transmitted from the higher heavens to the planetary worlds. Or finds its counterpart in Ur, the light that is activated by higher consciousness.

Order of Enoch

The Order of Enoch initiates the faithful into a new world of consciousness by creating texts of knowledge. They also build pyramid grids necessary to develop thoughts of intelligence and spirituality.

Orion

Orion is a prominent constellation, located on the celestial equator. It is miraculously seen throughout the world.

Overself

The overself is the higher body of light, which existed prior to incarnation. Because it works on higher levels of programming, one can transcend all the lower elements of chaos. It indwells in higher divine worlds, while still living in this world.

Oversoul

The oversoul is a divine spirit that encompasses all human souls. The oversoul is the wise silence, the universal beauty, the common heart and the eternal One.

Paradise

Paradise means region of surpassing beauty. It is a place in which all the divine forces are at the disposal of the souls that believe in the supremacy of the Good.

Perception

Perception is the ability to discern the levels and dimensions between the light and the dark.

Phoenix

The Phoenix signifies a degree of conquest and power in the renewal of life activity. This is meant, more from the point of the worldly consciousness, as opposed to the spiritual.

Photon Belt

The Photon Belt is a belief linked to the new age movement that states that a band of photons are going to collide with the earth and cause massive failure of electrical equipment. When the earth and sun last traveled through the photon belt around 11,000 B.C., the earth experienced a mini ice age with climatic and pole shifts.

Physical Body

The physical human body corresponds to the element of earth. It is the vehicle for the soul's sojourn while here on earth. The body is the crystallization in form for the etheric, mental and emotional energies.

Pleiades

The Pleiades is also known as the Seven Sisters. It is among the star clusters nearest to Earth and is most obvious to the naked eye. It is mentioned in the Bible and Greek mythology. The Mayans believe that as we move closer to the Pleiades, there will be a quickening of our consciousness and a new form of increasing light. The Pleiadeans are forever working to help the progress and good of the human race.

Pleroma

The pleroma is the totality of Divine powers. The word literally means fulness.

Power

Power, in the divine sense, is spiritual strength or fortitude. It is connected to the work of the Holy Spirit in that miracles can be performed.

Prayer

Prayer is the approach to the Deity in word and thought, which activates divine consciousness. It is humanity's share in the creative process to bring the unmanifest to manifestation. Most divine texts say: "for potentialities, pray with belief."

Programming

Programming is the art of advancing a project by finding solutions to the problems and giving sensible, intelligent instructions.

Prophet

A prophet is an anointed spokesperson for God and/or His Council. There is a unity of thought and message, which is consistent with direct revelation.

Pyramids

Pyramids were built for the gathering of information passed to and from artificial intelligence. They are models used in connecting networks of our planetary body with the interplanetary body of the cosmoses. They filter higher, cosmic intelligence and divine wisdoms.

Quantum Leap

Quantum Leap is a sudden change accompanied by an absorption of radiant energy in another spectrum energy state of a subject. It is rapid 'God realization' enabling man to freely commingle with other worlds of intelligence.

Quantum Mechanics

Quantum mechanics is the part of physics that describes how the Universe works at a smaller scale than atoms. A quantum of energy is a specific amount of energy and quantum mechanics describes how that energy moves and interacts at the sub-atomic level.

Quantum Mysticism

Quantum Mysticism is a set of metaphysical beliefs and associated practices that seek to relate consciousness, intelligence, spirituality or worldviews, to the ideas of quantum mechanics and its interpretations.

Quantum Physics

At a basic level, quantum physics explains how everything works. It predicts how matter works that are completely at odds with how things seem to manifest in the real world. Quantum Physics underlies how atoms work and why chemistry and biology work as they do.

Quickening

To be quickened in a spiritual matter is to become awakened. It is an acceleration of awareness and consciousness, which can lead to manifestation.

Rainbow

The rainbow is a token of the covenant between Heaven and Earth. It is formed of many drops of water, each representing a human being and the whole race, The seven colors of the rainbow are produced by a different rate of vibration in the universal energy. The message of the rainbow is HOPE.

Raven

Ravens represent moving thoughts in objective consciousness. In Scripture, it was a Raven who knew to feed Elijah.

Recorder Cell

A recorder cell is the system for storing thought-forms by higher thinkers; a hierarchy of knowledge, allowing for orderly guidance in the construction of reality.

Redemption

Redemption is the plan of salvation, manifested to save mankind from destruction that was initiated by the fallen intelligence.

Reincarnation

Reincarnation is the rebirth of a soul in a new human body. The soul continues to return to the physical plane until it balances its karma and attains self-mastery.

Religion

Religion is a unified system of beliefs and practices relative to sacred doctrine, which unites into one moral community.

Renunciation

Renunciation is the act of rejecting something, especially if it is something the has previously been enjoyed or endorsed. In spiritual matters, it often indicates an abandonment of pursuit for material comforts, in the interest of achieving enlightenment through the pursuit of the Truth.

Repentance

Repentance is a renunciation of the former way of life to be more in accord with divine will and wisdom.

Resurrection

Resurrection is the transformation of body and soul into the higher planes of God's glorious programs. This is accomplished by a quickening power of the Holy Spirit.

Rod and Staff

The rod is a symbol of power that assists humans to come to their mastery. The staff is a symbol of leadership, that assists in the manifestation of miracles.

Sacrament

A sacrament rite in the Christian faith is recognized as a particular importance and significance, in that it is considered to be a visible symbol of the reality of God, as well as a channel of God's grace.

Sacrifice

In order for our souls to ascend to a higher realm, we must purify our mind and body. It is a refining process that is constantly going on in our consciousness. In order for spirit to come in and do its regenerative work, we need to sacrifice the lower to the higher.

Saint

A saint is one whose energy of love and light is so moving that the feeling of being close to God is experienced in their soul.

Salvation

Salvation is the process of deliverance from bondage and sin into the indwelling love of the Divine.

Samadhi

In Hinduism, it is a state of profound concentration, resulting in perfect union with God. In Sanskrit, Samadhi literally means "putting together or uniting."

Sanctification

Sanctification is the process by which man is sanctified with the Divine's highest blessings.

Scriptures

Scriptures are the writings of holy prophets and sages. They are texts and scrolls that have stood the test of time.

Sense Bondage

Sense Bondage means we are attached to the material existence, while neglecting and overlooking our connection to spirit and Truth. To remove ourselves from this bondage, we need to devote ourselves to our spiritual development. This results in the permanent establishment of our higher state of consciousness and our inherent powers.

Seven

Seven is the number representing fullness in the world of phenomena. It always refers to the law of perfection for the divine nature of the human. Seven is so universally used as a mystical number, that it is believed that its basis must be in some fundamental arrangement of the natural world.

Seventy times seven represents unlimited forgiveness.

Seven Senses

The seven senses are seeing, hearing, tasting, smelling, feeling, intuition and telepathy. The solar plexus is the organ of intuition, and the brain is the organ of telepathy.

Shamballa or Shangri-la

Shamballa represent the mythical kingdom that Tibetan Buddhists believe symbolized enlightenment, peace and perfection. This mystical kingdom of jewel lakes, wish-fulfilling trees and speaking stones has fired the imagination of both actual explorers and people meditating to the inner realms. Others believe that they are a spiritual reality on the etheric plan, expressing the Will of The Divine.

Shekinah

Shekinah is the presence of the Divine, brought down to Earth through the Holy Spirit. She is represented as the Divine feminine aspect of God. The Jewish people believed that the Tabernacle held the presence of the Shekinah, which is why they traveled with it. The Shekinah is reported as being present when someone is sick, or in need. The color for the Shekinah glory is gold.

Sin Against Ourselves

Sin against ourselves is simply the blockage or limitation of the Light. The biggest atrocity that can cause this sin is the belief that The Divine is the creator of disease or disharmony and that we are not loved. As long as we believe that the Divine causes us to suffer, we close ourselves off from the divine gifts of health, peace, love and harmony. The Divine's plan for us is that we are heirs only to the good.

Sirius

Sirius, also known as the Dog Star is the brightest star in Earth's night sky. In Greek, the name means 'flowing'. Only a few planets such as the full moon or the International Space Station can outshine this star. Because Sirius is so bright, it was well known to the Ancient Egyptians. They believed that Sirius had a tremendous effect upon life on our planet, so they marked the rise of Sirius as the first day of their calendar year and they built their pyramids in relationship to its position. They also called it the Star of Isis.

Sophia

Sophia means wisdom and is identified with the Holy Spirit. Sophiology is a controversial school of thought, believing that Sophia is to be identified and expressed in the world as Mother-Daughter-Holy Spirit, pairing with the Trinity of Father-Son-Holy Spirit. She is often referred to as 'The Bride of God'.

Soul

The soul is a distinct entity, nonphysical, higher mental and immortal. In the material world, free will and ego are a problem, as they divide us from our souls. However, our soul knows the truth and is the living potential of the Divine. Our soul is our consciousness, which developed out of Spirit. The ethers, the astral and the souls are virtually one.

Soul-Spirit

Soul and spirit are not to be conceived as one and the same. The soul is the natural consciousness of life, whereas the spirit has the understanding of the Divine Mind. When they are synthesized, they create the sovereign soul of Light, which is a vehicle of higher Love and Wisdom.

Sovereignty

Sovereignty is the right and power of a governing entity or mission, without any interference from outside sources. The state of being sovereign is a supreme state of independent authority. It comes with great responsibility and consciousness.

Space Time Overlap

Space time overlap is the overlap of different levels of intelligence and their respective consciousness. The passing of one energy universe into another.

Spectrum

Spectrum is an array of frequencies and wavelengths used to classify something.

Spirit

Spirit is the inspiration and understanding of the multiple levels of the Divine Mind. It is a name for God or a god.

Spiritual Rulership

In spiritual rulership, one does not exercise authority over another but uses their rulership to be of great service to all of humanity, knowing this is the truest merit of all.

Spiritism

Spiritism philosophy states that humans, along with all other living beings, are essentially immortal spirits that temporarily inhabit physical bodies for several necessary incarnations to attain moral and intellectual improvement. It also asserts that disembodied spirits, through passive or active mediumship may have beneficent or malevolent influence on the physical world. Spiritism is not to be confused with spiritualism.

Square

A square represents completeness, in that the length and the height are equal as is the breadth of what lies within the square.

Stars

Stars are the revelations of Truth that are still remote. The human mind cannot conceive the wonders and immensity of the universe of stars in the heavens. Stars are sometimes likened to psychic thoughts, as example The Three Wise Men following the Stars...or the expression: "it is written in the stars."

Stupa

A stupa is a Buddhist grave monument, where the ashes of holy monks were kept. The shape of the stupa symbolizes the structure of the cosmos.

Substance

Substance is an idea in Divine Mind; an attribute of Being. It is the spiritual essence out of which all things are made. It is visible and comprehensible. Heaven is the realm of divine ideas, omnipresent, eternal and substance is one of the divine ideas.

Sun and Moon

The sun, the supreme source of light, represents the highest form of intelligence. The moon, which symbolizes the emotions, receives all its light from the sun. Therefore, together they form emotional intelligence.

Swords of Light

The swords of Light are when the will for enlightenment becomes a sword, by which the veil of ignorance is cut asunder.

Tabernacle

The tabernacle represents the fixed or movable dwelling place of The Divine. The setting up of a tabernacle means the establishing of a new state of consciousness.

Talents

Talents are spiritual gifts having their roots in The Divine. All the talents from spirit are to be used to our fullest ability. Ancients say: "Be bold and fearless in making the highest claim for the manifestation of your talents."

Tara

Tibetans believe Tara to be the Virgin Mary, who came to save the world. It is stated that she will save the world after the Kali Yuga Age. She is worshipped as the Saviouress.

Temperance

Temperance is the control and satisfaction, under the Divine law of the desire of the soul. Temperance depends on deep spiritual understanding, as it is the only true stimulant for our soul.

Temple

Solomon's Temple is known to be the First Temple ever constructed. It was destroyed in 587 B.C. by Nebuchadnezzar. In 2010, the 3000 year old wall around the Temple was unearthed in Jerusalem. However, on another note, mankind's body is also considered the temple or house of God.

The Black Madonna

The Black Madonna symbolizes guiding us through darkness and finding the inner process of transformation. Her blackness has been attributed to the accumulated smoke from the candles of the faithful. It also represents the dark-skinned inhabitants of the Holy Land.

The Holy Grail

The Holy Grail is a treasure with miraculous powers that provide happiness, and sustenance in infinite abundance. It has been sought after for centuries but truly lives within each one of us. The keys to the Grail are in our intention to fulfill the ideas, intentions and inspirations of God. Through this journey, we will find the Holy Grail within, never to be separated from it again. The Holy Grail is considered by many to be the Holy Chalice from Jesus's last supper table, which then was taken to England by Joseph of Arimathea. Some authors and films have suggested that the Holy Grail is the sang real, meaning the 'royal bloodline of Jesus'.

The Midst

The midst is a mid-heaven region just above chaos and the realms of humanity. It is also called the Mid-Way or Mid-Way station.

Theosophy

The Theosophical Society was founded in 1875 by Helena Blavatsky, a Russian Immigrants. Its purpose is to help people explore spiritual self-transformation. The term theosophy is derived from the Greek word theos meaning God and sophia meaning wisdom.

Theosophical devotees believe that there is a deeper spiritual reality and that direct contact with that reality can be established through intuition, meditation, revelation and other states of transcending normal human consciousness. The movement is based on the belief that the living can contact the dead. Much attention is devoted

to deciphering the meaning concealed in sacred texts. They believe that humans are sparks of the divine trapped in the material world. Their teachings are very much in alignment with the teachings of Jesus.

The Promised Land

The Promised Land, in Scriptures symbolizes the lifting up of both soul and body to spiritual expression and manifestation.

The Pure Land

The Pure Land, in Buddhism is a place where it is much easier for a being to work towards enlightenment.

The Walking Dead

“The Walking Dead” is when we allow ourselves to go to sleep spiritually and consciously. It also applies when we remove ourselves from Truth, and if we live just for the material and fail to recognize our spiritual and divine selfhood.

The Word

The word is an attempt to comprehend God. Creative word is connected with a supreme movement. It is Divine letters that make all levels of intelligence take part in the Divine nature of Godliness, glory and virtue.

Third Eye

The third eye is associated with the beginning of the spiritual beginning to cosmic consciousness.

Thought Particle

The thought particle is a particle that is generated by a thought form, which can then be activated into a physical thought particle.

Three Jewels in Buddhism

The Buddha – the principle of enlightenment

The Dharma – the teaching of the cosmic law

The Sangha – the community of those who have achieved the cosmic laws.

Three Mysteries in Buddhism

The three mysteries cover the forces of spirit, speech and body.

Mandalas for spirit

Mantras for speech

Mudras for body

The Three Orders

The three primary orders from God are power, wisdom and love.

Three Vehicles in Buddhism

Small Vehicle is a basic doctrine, stating that every person can attain enlightenment for themselves alone, by means of self-discipline through many lifetimes.

Large Vehicle is a middle doctrine stating that enlightenment can only be attained with help for the outside. It is aimed at enlightenment for all living creatures.

Diamond Vehicle is a final doctrine stating that by being completely devoted to living the eightfold path and viewing everything as a means to salvation, ensure that enlightenment can be attained on one single lifetime.

Three Wise Men

The Three wise men used their intuition to follow the Star. Their souls rose to the surface from its depths when they were stirred by a great spiritual revelation. Their gifts represented the three aspects of Spirit. Gold, the riches of Spirit, frankincense, the beauty of Spirit and the Myrrh, the eternity of Spirit.

Throne

The Throne is the seat of heavenly governments for the purpose of God's program of creation or re-creation. There are 24 Elders who sit around the Throne.

Time

Time is the fourth dimension, which we use to calculate past, present and future. According to Coptic beliefs, time is an illusion that separates man from God and the nearness of Divine Knowledge.

Torah

The Torah is a divine scripture encompassing all the teachings of God. It holds within it a specific plan of salvation. Every word of the Torah contains a sublime coded mystery, which when deciphered, reveals a wealth of elevated meaning.

Transfiguration

Transfiguration is transforming the body of life into a body of Light.

Transformation

Transformation is the thorough or dramatic change in form or appearance.

Transmutation

Transmutation is the conversion of one species into another, where the number of protons or neutrons in the nucleus are changed.

Treasures of King Solomon

King Solomon reigned prosperously from 965 B.C. until 925 B.C. He is said to have been given the Arc of the Covenant, which was a gilded case that held the original Ten Commandments. When the Temple was destroyed in 586 B.C., the Arc and treasures mysteriously disappeared.

Treasury of Light

The Treasury of Light is a realm of heavenly realm which will promote the metamorphosis of old worlds and define the configuration of new worlds. Entrance can only be made in the Treasury of Light through the practice of benevolence and peace that are the ways of God. It is believed that the transformative power for our world resides with the Treasury.

Trees

The tree signifies the connecting link between heaven and earth. Every tree pertains to the perceptive faculty of mind. The tree of knowledge of good and evil represents the discerning capacity of mind and the choices of free will.

We eat of the fruit of the 'tree of life' when we connect to the ideas of the Divine life. In doing so, we cease to dwell on life as something that comes and goes or is something that is governed by birth and death.

Tree of Life

The concept of the Tree of Life traces its origins back to the ninth century BC. It is a diagram used in various mystical traditions. The tree represents the spiritual path of ascent by man. Kabbalists believe the tree of life to be a representation of the process by which the universe came into being. However, the tree does not only speak of the origins of the universe but also of man's place in the universe. Kabbalists seek to know themselves and the universe as an expression of God. The Divine Attributes of the ten branches combined can be seen as a medium through which God's infinite wisdom is transmitted into the finite of humanity.

The branches and what they represent:

Malkhut the sovereignty of God

Yesod the foundation of God

Hod the splendor of God

Netzach the victory of God

Tiferet the beauty of God

Gevurah the strength of God

Chesed the loving kindness of God

Binah the understanding of God

Hokhmah the wisdom of God

Keter the Crown of God

Trinity

The Divine Trinity is known as Father, Son and Holy Spirit. Metaphysically we understand these to refer to mind, idea and action or mind, body, spirit.

Trinity of Hinduism

Brahma, The Creator who created the whole universe.

Vishnu, The Preserver who protects the universe from being destroyed.

Shiva, The Destroyer who destroys the universe in order to re-create it.

Trinity of Paradise

Jesus, Moses and Elijah were activated as a Trinity by the association with the will and mind of the Divine. They were exemplified as Whole Light Beings that emerged as One Eternal Son. Elijah was replaced by Buddha, and they are referred to as the Love, Laws and Light.

Truth

Truth is the primal attribute for emanating God. By understanding the true, genuine purpose of life, humanity can achieve its own immortality. We all want Truth and the help that comes from it, however, sadly when it is presented to us, we object to the broad, universal spirit that it proclaims. Truth is first conceived in our heart, but because of intellectual dominance of humanity, it drifts to our head. The head restricts the truth because truth is limitless and unconditioned.

Twelve

Twelve is the mathematical sum associated with the major divisions of God's people and a power associated with the Heavenly Temple. It is also the mapping of the heavenly portals and constellation.

Twenty-Four Elders

Lords who circle the throne of God, exchanging their glory with other Masters.

Tyrant

A tyrant is a cruel and oppressive ruler, who administers without the leadership of God or the ten commandments.

Tzadiks

Tzadiks are righteous individuals, who come to earth to help humanity through service and kindness. It has been scripted that if the world could have 36 Tzadiks from every generation, the world could be saved.

Ultimate Triumph

God's ultimate triumph is the cleansing of the lower, negative, materialistic powers, corrupting humanity.

Urmin and Thummin

Sacred crystals or stones which are a form of communication between oneself and God. They represent the revelations of Truth. They are believed to obtain divine guidance for people, especially in difficult cases. They bring understanding and enlightenment, so much so that they were placed in the breastplate of the high priest of the Israelites.

Veil

A veil is a threshold dividing heaven from earth. It is also the separation between the levels of intellectual, superior powers and instability. It can also be a threshold dividing a human from their soul or soul-spirit.

Vessels

The holy vessels represent our capacity and ability to appreciate, measure and comprehend life, love and Truth.

Vibration

Everything in our existence is part of an interconnected web of energetic vibrations. All humans and objects have an energy field that has its own vibrational frequency. Researchers have found that a healthy body occurs when each of the cells in our body vibrates at the frequency it was designed to.

Victory Plan

The victory plan is for individuals to attain mastery through service to mankind. By being of service, one attains mastery over outer circumstances and fulfills the law of his or her being.

Vine

The life current, as it comes from the Universe, is one with the vine, branches and fruit. It is on this free-flowing force that we fix our attention on the power of Spirit.

Wandering

Wandering in the spiritual sense is symbolic of the unfoldment and growth of an individual from the material to the spiritual consciousness. The wilderness is our confused thoughts.

Watchers

Watchers are ascended master's in physical form who know the relativity of the space-time overlap. Watchers also stand at the gates of the Treasury of Light. Watchers can also be the eyes for God.

Water

Water has many different aspects. It can represent weakness, negativity and cleansing, as in the saying "we are in hot water". In other cases, it represents mental potentiality and vital energy, as in the saying "ideas came flooding in". When we say a person is 'at sea', it means they are in doubt and have not established their thoughts. The water of Genesis represents unexpressed possibilities in the mind. The flood from Noah's time meant staying calm in the flood of challenge or troubled waters.

Wealth

True wealth and prosperity are rooted in spiritual ideals, out of which come great abundance. This great abundance is based on the belief that through the understanding of God Plans, everything shall be added unto me. Recognizing that God is the source of supply, one shall receive a hundredfold, but more than that, one shall inherit eternal life.

Well

The well in humans is the fountain of inspiration, which is meant to flow forth peacefully, majestically. It vitalizes and renews the mind, body, spirit and emotions.

Wheels Within Wheels

Wheels with Wheels is a galactic configuration created by the Higher Evolution to pass one level of creation within another. Ezekiel's first vision came to build a Throne-Chariot of wheels within wheels. Their appearance was as if it were a wheel in the middle of a wheel.

Wilderness

The wilderness represents the multitude of undisciplined and uncultivated thoughts in individual consciousness.

Witnesses

God wants a group of witnesses, people who see and experience Him and then will represent Him to the world. Being a witness carries much responsibility, and God typically appoints a chief witness to help other witnesses.

Word

In the beginning, there was the Word. The word held the capacity of all the potentialities of Being. Mankind contains, through their words, the ability to create the principles of the Divine Mind. Absent healing is done through the power of the spoken word of God. Every word has in back of it an idea, and the power of the word is primarily in that idea. In truth, we make our world by our words, either silent or audibly expressed.

Work

Work according to Scripture denotes actions connected with the process of soul evolution.

Wrath

In Scripture authorities claim that the 'wrath of God' might be translated as the 'blessings of God'. The 'wrath of God' is really the working out of the destructiveness of the individual who acts in opposition to the Divine law. If we are lovingly non-resistant, we do not suffer from this transformation, contrary to that, we welcome it.

Yod Hei Vav Hei

Vod Hei Vav Hei is the Omnipresent Existence of God. Go and be the hands (Yod) and feet (Vav) for God, and the honorific living everlasting Light.

Ze Light

Ze Light is a light polarization, which can mediate between the body of consciousness and its divine double overself. It is the ability to express oneself communicatively through spiritual means, rather than through physical capacities.

Zero

Zero is a numerical sign for nothingness; a cipher being extended to nine digits to complete the basic system of the calculation of space-time.

Zero-Point Energy

Zero-Point Energy is the boundless ocean of energy that exists at every point in the Universe. It is the untapped reality that undergirds all other energy and is the lowest possible energy that a quantum mechanical system may have.

Zeus

Zeus, in the Ancient Greek religion is the Lord of the Sky and Father of all men. His is the Thunder God and the head of all Olympian Gods. His Roman name is Jupiter.

Zion

A poetic name for the people of God assigned for Program Israel.

Zohar

The Zohar is the Kabbalistic teaching of the Splendor of the true God. It is a group of books focused on the mystical aspects of the Torah and scriptural interpretations. It also contains material on mystical psychology and mythical cosmogony, which is any model concerning the origin of either the cosmos or the universe.

Zoharim Races

The Zoharim are advanced physicals, which have a purer energy body than the physical races.
